

Membership Report – Summer/Fall 2009

Our membership team continues to work hard but had summer vacations during this quarter. We are happy to say that membership is still strong. We want to thank all of our sponsors and members for your continued commitment to CMAA.

Our membership team consists of volunteers. Natasha DeBenon, of Hill International, has been who is serving as the chairwoman. Joining her are 4 additional volunteers: Claudia Hill, of Seville Construction Services, Randy Nadalo and Ashley McInerney of Aerotek, and Rick Meade of HNTB. I want to thank everyone on my team for all their time and efforts to keep our membership strong. Thanks team!

Unfortunately, I will be losing one of my volunteers this next fiscal year, Rick Meade. He has stepped up to take another position on the CMAA board. I wish him success. If any is interested in taking his spot, please email us at www.cmaasc.org. We would love to have you on our team.

Three goals were set for the 2008/2009 year, which have been approved by the board. These goals are: retain membership at current level (766); continue to improve communication regarding membership issues (and/or sending out reminders); and continue outreach to non-members.

We had a meeting in July and set out some additional tasks. The tasks assigned stay focused on our goals set out noted above. We are proud to say that we had an organization owner join us this last quarter, Orange County Sanitation District. So our efforts are paying off. It's been a bit slower this quarter due to vacations.

At the end of June we reported 841 active members. July and August were vacation months for many, and in the beginning of September was the start of school, so things moved a little slow. Even with the slow movement, we are proud to announce, once again, that we have maintained our 766 membership level, and increased our membership by 32 and now are at 873 members! This is great news. Congratulations team, and thank you to our members for keeping us growing.

Please don't forget to renew your memberships. If your renewals are past due, you may get an email from one of our committee team members, so renew now. We thank all of you who have continued to renew and support CMAA. Our local chapter continues to promote CMAA and reach-out to potential new members. In August we exhibited at the California Construction Expo (Calconexpo) downtown Los Angeles. We had a huge number of people stop by our booth with lots of interest. It was a great event to expose CMAA to new people and to be a reminder to others to join and/or renew. We had several leads that were sent off to our chairs for follow-up. One of them was for CCM training for 150 of their staff members. Exciting event for CMAA! Thank you to all who volunteered to man the booth with me that day. Without you, it would have been an even longer day...Thanks again membership committee.

Kind Regards,

The Membership Committee:

Natasha DeBenon – Hill International – Committee Chair-Responsible for Non Student & Attorney Representative members
