

Winter Break Is Over...Its Noses Back to the Grindstone!

The Student Outreach Committee is in the midst of another successful program.

The 2009/10 scholarship applications have been distributed to our chapter and club campuses, and campus liaisons are working diligently to set up campus visits and assist with other club and chapter activities.

The CMAASC Board recently adopted budget provisions to assist its student clubs and chapters with their activity expenses, another great benefit for CM students to get involved with CMAA.

Contact the Student Outreach Committee to get involved! Coordinate an on-campus presentation about a salient CM topic, or regarding the benefits of setting up a CMAA student club or chapter at a new college or university. The committee chair is Dino D'Emilia, P. E., PBS&J. dpdemilia@pbsj.com.
