

Membership Report

We are proud to announce that the membership committee for CMAA Southern California received approval from the Board to include a member “spotlight”, which is contained in this issue. This “spotlight” section gives some of our new members a chance to tell us about their company and reasons for joining CMAA.

The goals that were established for our committee in the 2009/2010 year, and approved by the board, include: increasing membership in both the individual and ownership categories; continued outreach to non-members; and recruitment.

In our last report for January we reported 927 active members, 86 of which are new members. As of May, 2010, our membership total is 934. In March/April we lost about 30+ members but still had enough new members to keep our membership up. The loss was due to our members moving to different companies, transfer of membership to a different CMAA chapter due to a business change, or some just not able to renew. We are still happy that we had a membership gain, not large, but still an increase from January to April.

The membership survey was distributed in April and we thank those of you who took a few minutes to complete. Those of you who have not completed the survey, we would greatly appreciate it if you would. The board will be reviewing the survey’s results.

Also, please don’t forget to renew your memberships. If your renewals are past due, you may get an email from one of our committee team members, so renew now.

We thank all of you who have continued to renew and support CMAA. Our local chapter continues to promote CMAA and reach-out to potential new members. In August we will once again have a booth at the California Construction Expo (Calconexpo) in downtown Los Angeles.

Kind Regards,

The Membership Committee:

Natasha DeBenon – Committee Chair
Nicole Kumar – Arcadis – Volunteer
Ken Nodelman – MLM Services – Volunteer
John Squillace – Barnhart – Volunteer
