

## ***Membership Committee Report:***

### **CMAA Membership Continues to Grow**

In our last report for April we reported 934 active members. As of June 29, 2010, our membership total is 944--a small gain since our last report in April. Our membership goal for this year was to gain 100 new members and we are at 103—we passed our goal! We thank everyone who completed our membership survey. The board reviewed the survey's returned and had discussions as to steps we can do for next year to continue improving our membership benefits based upon your comments.

Please don't forget to renew your memberships. If your renewals are past due, you may get an email from one of our committee team members, so renew now.

We thank all of you who have continued to renew and support CMAA. Our local chapter continues to promote CMAA and reach-out to potential new members. In August we will once again have a booth at the California Construction Expo (Calconexpo) at the Pasadena Convention Center.

***Please see the following page for a list of our newest members!***

Kind Regards,

The Membership Committee:
