

Membership News

Thank you to all of our members who have recently renewed their memberships, have become new members, and are maximizing their company's participation in CMAA. Through these efforts our Chapter has been able to grow its membership to 748 members as of February 15, 2008.

The Membership Committee is actively pursuing its goal of reaching 800 members by the end of this year. Our Southern California Chapter coordinated a Joint Chapter CMAA Exhibition Booth, with our counterpart Northern California Chapter, for the February 25th and 26th C.A.S.H Conference that was held in Sacramento. This proved to be an excellent event with hundreds of prospective members from CM firms, to Architects, and Owners. On behalf of the Membership Committee we would like to thank the following people for donating their time and energy to facilitate the booth at the Conference: Southern CA Chapter (Judy Johnson and Lisa Sachs), Northern CA Chapter (Craig Vandaele, Clair O'Conner, Ron Price, and Beth Power). A special thank you is also expressed to Martha Montague from CMAA National for the CMAA booth and materials. Above all, thank you to Mrs. Claudia Hill, our very own Committee Member, for volunteering her time for the overall coordination between our two chapters, CMAA National, and the C.A.S.H. organizers. Thank you to all for volunteering and for making this an enjoyable and great event.

In an effort to stay in touch with our membership, our Committee Members has been active locally by having a booth at "CMAA's Owner's Night", that was attended by over 400 people, on January 31st and by attending several CMAA seminars. On January 24th, Natasha DeBenon attended the "Construction Insurance and Professional Liability of the CM" seminar and on February 29th she attended the "Construction Law" seminar. Judy Johnson attended the "What is Program Management" seminar on February 21st. Our Committee Members attend these seminars to introduce the guest speaker, provide an update of upcoming CMAA activities, to answer questions regarding membership, and of course to find new members. We encourage you to speak with us at these seminars or drop us a note or e-mail should you have any questions. We would be glad to help and speak with you.

Kind Regards,

The Membership Committee:

Roger Banuelos – Seville Construction Services – Committee Chair

Natasha DeBenon – Hill International – Owner Membership Representative

Judy Johnson – Simpson & Simpson Management Consulting Inc. – CCM Membership Representative

Claudia Hill – Seville Construction Services – Student Membership Representative
