

Golf Tournament

FOURSOMES WANTED!!!

It's time to tune up that swing for the 4th annual Southern California Chapter CMAA Golf Tournament. This year's tournament will be held at a new venue, the Black Gold Golf Course in Yorba Linda, on Monday, October 27, 2008. The courses rolling hills and valleys should provide a greater challenge than previous tournaments. If you haven't played this course, you are sure to enjoy the challenge of this best ball tournament. As an added attraction, the course just upgraded their entire fleet of golf carts to brand new state of the art carts with top of the line GPS units on board.

Registration for this event is now open and limited to 36 foursomes. We also offer a wide variety of sponsorships. Our tee sponsorships include the customary tee sign at the hole, as well as presentation of your company logo displayed on the GPS system of every golf cart while on approach to your sponsored tee box. Please contact Kelly Asper at the chapter office or visit our website for more details on registration and sponsorships at www.cmaasc.org

We will again feature a closest to the pin winner for each of the four par 3 holes. Also, each golfer will have a chance to win \$50,000 cash for a hole in one at one of our par 3 holes. So tune up that golf swing for your chance to win some great prizes.

This year's raffle will feature over \$3,500 in raffle prizes with a wider variety and higher caliber than ever before offered. Prizes include a diverse choice of high-end equipment such as Taylor Made, Callaway and other name brand drivers, Scotty Cameron putters and a greater selection of golf balls, as well as many other accessories. So the more raffle tickets you buy the better chance you have to win one of these great high-end raffle prizes.

In addition to the usual Mulligan's, we're offering the "String Thing". The String Thing allows a golfer to purchase string by the foot. The string is used to sink those difficult putts. For example, if a golfer determines the putt is too difficult to make (prior to taking the putt) the golfer measures out the length of string needed to make the putt and cuts it from the length of string purchased prior to starting the round of golf. Think of it as a Mulligan for the putting green!

Remember that all the proceeds from this tournament go directly to the Southern California Chapter Scholarship fund. This is one of the Chapter's premier events for funding the study of future, aspiring Construction Managers. So please join us for a fun day of golf and camaraderie and help support the scholarship fund at the same time. Also, don't forget to buy your Mulligan's - you'll need them on this course!
