

CMIT Designation

Construction Manager in Training (CMIT)

Your fast track to becoming a Certified Construction Manager (CCM)

The CMIT program ensures that your career will take the quickest course toward [earning your CCM!](#)

Benefits of CMIT program include:

- A no-time wasted, CMAA approved plan to earn your CCM
 - Networking opportunities
 - The [Mentor Program](#): Ideally, you'll be paired with a mentor from within your own institution or organization. CMAA Mentor Candidates, who are CCMs, are also available. (Mentors must fill out an [application](#) for consideration)
 - Membership to CMAA, including all discounts on products and services and member perks
- Designation of the CMIT initials following your name (Joe Smith, CMIT)

The CMIT program is ideal for:

- New and recent graduates of engineering, construction management or university programs
- Senior college students
- Experienced professionals just embarking on the path to become professional construction managers
- Mid-career individuals who are new to the profession

Who should apply?

- To qualify for CMIT, an applicant must show one of these combinations of experience and education:
- Bachelors or master degree or status as a senior in a construction management or closely related degree program at an accredited college or university*
- Associate's degree or certificate-level professionals with degrees in construction management or a closely related field, plus two years of general design/construction experience
- Four years of general design/construction experience without a degree in construction management or a closely related field

* While college seniors are encouraged to apply, the CMIT designation is awarded only after completion of degree

How to get your CMIT:

- Meet minimum education requirements listed above
- Submit the [formal CMIT application](#), current resume and a program payment of \$195 by e-mailing ggehringer@cmaanet.org, faxing (703) 356-6388 or mailing: CMAA, Attn: CMIT Application, 7926 Jones Branch Drive, suite 800, McLean, VA 22102-3303
- Complete the CMIT Capstone course, "The History of Construction Management Practices and Procedures"
- Score at least 75 percent on the Capstone course

CMITs are expected to aggressively pursue CCM certification; consequently, the CMIT designation lasts for no longer than five years.

The CMIT designation:

- Shows employers, clients, your peers, and the general public that you are committed to acquiring the knowledge and capabilities of becoming a professional, practicing construction manager
- Gives you a structured path for professional development while having the CMIT distinction
- Demonstrates competence in construction management practice early in your career

- Increases the awareness in a CMIT to the body of knowledge and principles represented by a CCM and professional construction managers

CMIT Costs

- The \$195 program payment includes:
- CMIT/Capstone text and assessment
- One year membership to CMAA, which can be renewed for two additional years at \$25
- CMIT pin

*Those who are already CMAA members will pay \$60 for the CMIT/Capstone text and assessment.

As described in detail at this site, Construction Manager in Training (CMIT) is offered by CMAA as a professional designation to recognize young practitioners who have displayed high educational achievement and have the desire to learn how to become competent Construction Managers.

Please address your CMIT questions to George Gehringer, VP Professional Development, (703) 677-3367, ggehringer@cmaanet.org.
