

## Call for National Board Members

20 March 2009

Dear Fellow CMAA Member:

CMAA has helped shape the role of Construction and Program Management in the A/E/C industry since its inception more than 26 years ago. Now we face a time of evolution for the Association, our profession, and the organizations for which we work. Our main purposes – to educate, advocate, and connect our members -- remain unchanged.

CMAA has embarked on an ambitious plan to become more valuable and relevant than ever before. New leaders are needed to set direction and represent the membership.

As chair of the Nominations Committee, I encourage you to consider or recommend someone for one of four uncontested positions on the national Board of Directors. Each position is vital to the continued success of our Association. Descriptions of these positions and the terms of office are [provided on our website](#) along with eligibility requirements and how the nomination process works. **The deadline for submitting your nomination is Monday, June 1, 2009.**

**"To whom much is given, much is expected."** My parents instilled this philosophy in me at an early age. I have been fortunate to work with and learn from exceptional leaders, both in the firms in which I've been employed and the mentors I've met through CMAA. At their urging, my involvement in CMAA has grown to heights I never dreamed.

Now, I urge **you** to take that next step: Help us identify our future leadership, or seek a position for yourself on the National Board of Directors and give back to the industry and the Association that have been so instrumental in shaping your profession today and for the future.

Thank you.

Sincerely,

Bill Van Wagenen, CCM  
CH2M HILL  
CMAA Immediate Past Chair
