## Federal Stimulus Package Updates

- CMAA continues to provide you with the most up-to-date information on the **Federal Stimulus package**. Watch the CMAA home page frequently as information is continually being posted and updated. A direct link to this information is [here](#). In addition, an area of the website titled “**Thrive,**” also has information on the country’s economic status, but it’s accessible only by CMAA members, so members need to log on to access this material.

## Student Offer

CMAA student members can register online for Webinars by signing in using their member number and then proceeding to registration.

## Webinar Series
