

Volume Discounts Available for Online Certificate Modules

Many CMAA members have embraced CMAA's new online certificates initiative as a flexible response to their need for convenient, fundamental staff training. The new program offers a self-paced, measured way of delivering consistent information to newcomers, based on CMAA's Standards of Practice.

To encourage members to rely on this basic training, CMAA has adopted a schedule of discounted volume prices for course registrations.

The current charge for each e-Learning module is \$395, rising to \$495 effective January 1, 2008.

The "group rates" are as follows:

- 25 – 50: \$300 each (\$400 after Jan. 1)
- 50 – 100 \$250 each (\$350 after Jan. 1)
- 100 + \$200 each (\$300 after Jan. 1)
