Effective Management of Construction Safety Programs Owner & Industry Perspectives

Understanding Roles & Responsibilities in a Changing Industry Environment

Please join us for a presentation and panel discussion of owner's needs and construction manager's responsibilities for Managing Construction Safety on public construction programs. Key topics will include managing and transferring risk, understanding owner responsibilities, differing approaches for Design Build and limits of liability.

Topics to be covered will include:

- Responsibilities of a CM
- Contractor Interface
- Partnering vs. Enforcement
- Insurance
- Media Control
