## THE COURSES

The Eisenhower course or “Ike” stands as a fair but challenging test of golf. From its glorious hilltop location, fairways rise and fall, and a beautiful vista seems to be waiting around every dogleg. Recognized as one of California’s must play tracks, the “Ike” has hosted over 20 U.S. Open qualifiers.

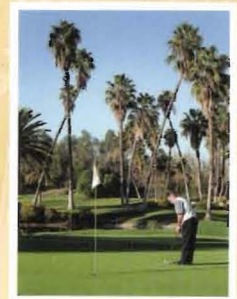

The Zaharias course or “Babe” is a wonderful complement to the “Ike”. Beautifully tiered greens and carefully placed bunkers. A strategic layout testing both the long and short game. This is a shot-makers dream. The “Babe” is golf the way it was meant to be played.

## THE ARCHITECT

Designed by legendary golf architect William F. Bell, the “Ike” and the “Babe” courses are recognized as two of his masterworks along with the likes of Torrey Pines Municipal, site of the 2008 U.S. Open. He and his father, William Park Bell (Billy Bell Jr. & Sr.), are considered California’s first family of golf course architecture having designed hundreds of exceptional courses throughout the state.

## TOURNAMENTS

Pacific Palms Resort is a tournament venue unlike any other in Southern California. 36 holes of championship golf, an extensive variety of reception and banquet space and professional staff will ensure a memorable event for your golfers. Attention to detail and years of experience will make your tournament at Pacific Palms Resort a pleasure to organize.

## PRACTICE FACILITIES

Extensive practice facilities make Pacific Palms the ideal learning environment. With a lighted, two-tier driving range, short game practice bunkers and three putting greens, your warm up will be well rounded. A full range of instructional programs are also available to help you improve your game. Our team of PGA teaching professionals will coach every skill level—from beginners to tour quality players.
