Verdical Group

Esmeralda Ward, AIA, LEED AP
Associate Principal
NAC Architecture

PROGRAM SUMMARY

The International Living Future Institute (ILFI) poses the question "What if every single act of design and construction made the world a better place?" Join CMAA Southern California Sustainability Committee, Verdical Group, and NAC Architecture to explore how the framework of the ILFI's Living Building Challenge (LBC) guides more sustainable solutions in any project. Learn how strategies for carbon reduction and environmental justice lead the industry in pursuit of a more just society.
